SUBJECT: Visiting Professorships at the University of Hradec Králové

Dear colleague,

it is my pleasure to contact you from my position as the Dean of the Philosophical Faculty, University of Hradec Králové, Czech Republic, to offer you a unique research and study stay at our institution. As the main objective of our faculty is the internationalization of lecturing, teaching, and research, we would like to invite outstanding foreign experts who could enrich our fields of investigation.

The professional academic stay should be performed at our institution in the course of the academic year 2018/19 (from September 2018 to August 2019) and last between three (as a minimum) and five months. Preferably, the stay should coincide with at least 75% of an ongoing semester, when seminars and lectures are underway. This will enable our students to make the best of your stay at our faculty and also allow them to experience the unique opportunity of attending personal tutorials with you.

Under the terms of contract of the Philosophical Faculty in Hradec Králové, your travel costs for a return flight ticket will be covered by our institution in addition to a monthly remuneration of 30 000 Czech crowns (aprox. 1100 Euro). Also the amount of 15 000 Czech crowns (aprox. 550 Euro), before taxation, will be provided every month to cover the cost of accommodation in the very centre of the city of Hradec Kralove. In general, costs of living are low in Hradec Králové.

In case you are interested in our proposal, we kindly ask you to forward us an academic plan of your stay at our institution which should contain an offer of seminars and lectures you are willing to provide at the faculty, considering two lessons per week as a minimum. However, the teaching could also be provided as an intensive course given that at least 26 lessons will be lectured. Secondly, we also require your commitment to write at least one academic article or a scientific text based on your research and its future publishing, preferably in a journal indexed in Scopus, Web of Science or ERIH Plus databases. In case you decide to publish more articles at our faculty we are open to discuss the increase of your monthly remuneration.
