14th International Conference of Demotic Studies (ICDS) - Heidelberg 2022

2nd Circular

Dear colleagues,

with this second circular of 2022 for the 14th International Conference of Demotic Studies, we would like to remind you of the **registration deadline on July 31** and encourage all who are interested to still register at <https://www.conftool.com/icds2022/>.

The conference will take place in Heidelberg from September 5 to 9. For all further information, please refer to our conference website (www.uni-heidelberg.de/aegyptologie/icds2022.html).

On this occasion, we would also like to point out again that **registrations from 2020 are no longer valid** and a new registration is required.

If you still want to register a presentation, this is also possible. The **deadline for abstracts has been extended to July 31**. Please use the template available on the conference website (https://www.uni-heidelberg.de/md/zaw/aegy/icds2022-template_abstract_paper.docx). The abstract should then be submitted in pdf format via our conference platform at <https://www.conftool.com/icds2022/>. Please note that in addition to the abstract submission a registration as participant is necessary.

It is still possible to book accommodation in Heidelberg via our conference website until July 31. Here you will also find a link to the website of *Heidelberg-Card*, which offers discounts on the city's cultural offerings as well as free travel on public transportation. Parents who require childcare are asked to get in touch with us.

You can always contact us at the e-mail address ICDS2022@zaw.uni-heidelberg.de and we will provide all relevant information on the 14th ICDS on the conference website.

We look forward to welcoming you to Heidelberg soon.

With kind regards

Your ICDS team

Prof. Dr. Joachim Quack Jannik Korte Dr. Claudia Maderna-Sieben Fabian Wespi
Carina Kühne-Wespi Lena Krastel
