

The Institute for Modern and Contemporary Historical Research/Austrian Biographical Dictionary of the Austrian Academy of Sciences is searching for a

research associate (female/male)

Requirements and expectations:

- Qualification: BAC, MA, Mag. or equivalent qualification in the domain of humanities (preferred historical or literary research)
- excellent German and Hungarian skills, good English skills
- experience in working with data bases, Excel, extensive Internet-research; additionally: knowledge in standardisation of Text analysis (XML, TEI etc.)
- Practical experience in lexical biographical works and – if possible – Digital Humanities
- ability to work in a team
- self-motivated working style

Field of responsibility:

working in a team for the interdisciplinary project „Mapping historical networks. Building the new Austrian Prosopographical/Biographical Information System“ (realised in cooperation with the ICLTT and ISR), preparation of biographical entries for computational linguistics and text analysis, creative and self-motivated working style in development of new prospects and standards for scientific biographical research (European networking, collaboration for example in DARIAH), presentation of project results at international conferences.
