

The University of Konstanz has been successful in the German Excellence Initiative since 2007.

The Cluster of Excellence „The Politics of Inequality“ (EXC 2035) is supported within the framework of the Excellence Strategy of the federal and state governments. Our researchers investigate the political conditions under which inequality is created and the effects it has in various areas, especially with regard to education, employment and opportunity structures.

The Cluster invites applications for

## **Senior Fellowships**

for a duration of **2 to 6 months each**. Remuneration will take the form of a **monthly flat rate of 6,000.00 Euros** to account for accommodation and living expenses, as well as a **further monthly sum of 1,500.00 Euros as a research allowance** to finance conference travels and research assistants as well as other aspects of Senior Fellows' research projects. Relocation expenses to and from Konstanz will be covered by the Cluster (some limitations apply).

Applications are open to researchers from outside the University of Konstanz with an established track record and international visibility, as well as a keen interest in the Cluster's concepts and lines of research.

We are looking for individuals with an established track record in inequality research broadly defined and in fields directly related to the Cluster's research agenda, though not necessarily in disciplines already represented at the Cluster. Senior Fellows will become members of the Cluster and of an appropriate University department and will actively participate in Cluster activities.

### **To apply, please submit the following documents:**

- Research proposal that contributes to the research agenda of the Cluster, investigating core aspects of the political dimension of inequality. It should not exceed four pages in length, and should also include the duration and the schedule of the project.
- Curriculum Vitae, including a list of publications.

### **Online Application Form:**

Please collect your application documents in one PDF file. To submit your application, please use the online platform at:
