Fakultät für Mathematik

Vorträge

**Montag, 15. Febr. 2016 von 9:00 Uhr bis Freitag 19. Febr. 2016 17:00 Uhr, ESI,
Boltzman Leture Hall, Boltzmanngasse 9/2, 1090 Wien,
Programme on „Measured Group Theory”**

Conference

**org. by M. Abert (Hung. Acad. of Sciences), G. Arzhantseva (U Vienna), D. Gaboriau
(ENS Lyon), Th. Schicck (U Göttingen), A. Thom (TU Dresden)
(Details siehe Attachment)**

**Donnerstag, 18. Febr. 2016 von 16:30 – 18:00 Uhr, TU Wien, Seminarraum „Freihaus“
grüner Bereich, 4. Stock, Wiedner Hauptstraße 8, 1040 Wien**

Vienna Seminar in Mathematical Finance and Probability

**Tongseok Lim (University of British Columbia): “On the structure of underlying assets
under marginal constraints, which maximize / minimize the price of an option.”**

org. by the following research units / departments:

Financial and Actuarial Mathematics, Vienna University of Technology

Mathematical Finance and Probability Theory, University of Vienna

Statistics and Mathematics, Vienna University of Economics and Business
