## Vienna PDE Afternoon

02.03.2022 from 14:00 to 15:30

From 14:00 to 14:45:

**Giuseppe Tomassetti** (Università Roma Tre, Italy)

*Surface accretion of a pre-stretched half-plane: Biot's problem revisited*

Abstract: <https://www.univie.ac.at/sfb65/#!/public/events/details/?type=1&id=636>

---

From 15:00 to 15:30:

**Markus Fellner** (TU Wien)

*Analysis of a Model for Angiogenesis*

Abstract: <https://www.univie.ac.at/sfb65/#!/public/events/details/?type=1&id=637>

---

The seminars take place on Zoom. The Zoom link is sent per email through the DK/SFB Newsletter (normally sent either on Friday or during the weekend). You can subscribe to this newsletter at <https://www.univie.ac.at/sfb65/#!/public/news/newsletter/subscribe/>

Alternatively, if you are interested only in a given seminar, you could request a Zoom link by writing an email to [matteo.tommasini@univie.ac.at](mailto:matteo.tommasini@univie.ac.at) (please write your request from an institutional email address, so that we can minimize the risk of Zoombombing).
