

Workshop in Algebraic Geometry

20-21 June 2025

Location: Erwin Schrödinger Institute (20 June); Faculty of Mathematics, University of Vienna (21 June)

Organiser: Balazs Szendroi

Schedule

Friday 20 June, Schrödinger Lecture Hall, ESI

- 10am Stavros Papadakis (Ioannina): Degenerate Kustin-Miller unprojection and volume normalization
- 11.30am Andre Mialebala Bouesso (Marien Ngouabi University / Warsaw): Pfaffian Calabi-Yau threefolds in six dimensional products of projective spaces
- 2.30pm Livia Campo (Vienna): K-stability of Fano 3-fold hypersurfaces of index 1
- 4pm Miles Reid (Warwick): Spinors without Clifford algebras, triality without octonions

Saturday 21 June, Hörsaal 17, OMP1

- 10am Praise Adeyemo (Ibadan): Graphs of reduced words and some connections
- 11.30am Dominic Bunnett (TU Berlin): Embeddings of weighted projective space
