

Austria – Uganda workshop on geometry and representation theory

22-23 July 2025

Location: BZ 9 (9th floor), Faculty of Mathematics, University of Vienna

Organiser: Balazs Szendroi

Schedule

Tuesday 22 July

- 11.30am Nebojsa Pavic (University of Graz, Austria), Derived categories, categorical absorptions and crepant resolutions
- 2.30pm Caroline Namanya (Makerere University, Uganda), Derived autoequivalences on algebraic flops
- 4pm Michael Wemyss (University of Glasgow, UK), Namikawa–Weyl groups for cDV singularities

Wednesday 23 July

- 10am Martin Kalck (University of Graz, Austria), TBA
- 11.30am Brian Makonzi (Muni University, Uganda), Deformation of surfaces via reconstruction algebras of type A
- 2pm David Ssevviiri (Makerere University, Uganda), Versatility of locally reduced modules
